Thinkin' I'll leave with anybody  
Your apologies are overdue (Mm-hm)

And I won't lie, I always knew you'd come around (Around, around)  
The joke's on you, 'cause I'm the one who's laughing now

Who's sorry, sorry?  
Who's sorry, sorry now?  
La, da, da-di  
La, da-di, ha, ha  
Boy, I ain't your mama, pull your pants up  
'Cause I'm so sick and tired of these mantrums  
Who's sorry, sorry?  
Who's sorry, sorry now?  
La, da, da-di

You're steady tweetin' on your feed like I'm the villain (The villain)  
Boy, we finished  
Don't make me talk about all the times I never finished  
We talking minutes? Girl, wait a minute

Always kept it a hunnid  
Birthday cake out the oven  
Anything that he wanted  
Turns out I was dummin'  
Back then I can't lie, your girl was strugglin'  
Now I'm waking up like a brand new woman

And I won't lie, I always knew you'd come around (Around, around)  
The joke's on you, 'cause I'm the one who's laughing now, yeah

Who's sorry, sorry?  
Who's sorry, sorry now?  
La, da, da-di  
La, da-di, ha, ha
