

It's getting hard to say nothin'
I can't keep quiet no more
It's getting late, my minds runnin'
Wonder what's going through yours

They say that whatever's meant to be will happen
But I've been on the losing side of that
I've been using small talk as distraction
'Cause once I say it, there's no going back

Feel it on the tip, tip of my tongue but I bite it
Keep my love locked up on a shelf
Cause I know there's a chance that if I jump you won't dive in
So I'll just keep my heart to myself
I've been lovin' you, ooh-ooh-ooh-woo
But I'll never tell 'cause I'm scared as hell
What happens if this love is one sided
And I'm on the wrong side by myself

Known you're someone from the beginning
I don't wanna live without (Don't wanna live, live)
But it's been some time, patience is thinnin'
And it's wearin' me down (Wearin' me down, down)

They say that whatever's meant to be will happen
But I've been on the losing side of that
I've been using small talk as distraction
'Cause once I say it, there's no going back

Feel it on the tip, tip of my tongue but I bite it
Keep my love locked up on a shelf
Cause I know there's a chance that if I jump you won't dive in
So I'll just keep my heart to myself
I've been lovin' you
But I'll never tell 'cause I'm scared as hell
What happens if this love is one sided
And I'm on the wrong side by myself

Side by my
