

How many times can you grovel, how many times can you kneel?
Salute your own surrender, going down with the ships again.
Take this in, silence is golden. You're trapped, You're trapped
.

(Good intentions)
Good intentions
(Covered in blood)
Covered in blood
(Get on your knees)
On your knees boy.

Your flag means nothing, your rhetoric means nothing.
You will cave in. Arm yourself.
You will cave in. Arm yourself.
