

Let Me Down

BoyWithUke

Baby, let's pack our bags and head to wherever
Toss these plans out straight through the door
Won't you take my hand, it won't be forever
I don't have to be the one you're looking for
But I broke my foot, got lost on the mountain
Fucked my life again but I'm sure
That you're not too far behind, so I'm counting
On you to stay when my heart is sore

Oh hey, aye, I think I lost my way
Can you put me back in place?

I know you'd never let me down
But will you lift me off the ground?
Do you even know my name?
And even when I'm safe and sound
It could always turn around
But can you remember my face

Da-da-da, da-da-da, da-da-da-da
Da-da-da, da-da-da, da-da
Da-da-da, da-da-da, da-da-da-da
Da-da-da, da-da-da, da-da

I know you're depressed
And I know that you're stressed
And I know that you lie to all your friends
I know that you cry and I know that you fight
And I know that you tried, but it won't end
So how would it feel if I were to steal
Your heart away along with this pain?
'Cause you give me butterflies, and I
I need you to stay

I know what you're thinking
You don't wanna say so
Think I'm catching feelings
I don't wanna say no
I like the way your socks look
You should know I hate to
Fall for someone new
But I like to think about you

I know you'd never let me down
But will you lift me off the ground?
Do you even know my name?
And even when I'm safe and sound
It could always turn around
But can you remember my face

Da-da-da, da-da-da, da-da-da-da
Da-da-da, da-da-da, da-da
Da-da-da, da-da-da, da-da-da-da
Da-da-da, da-da-da, da-da
