

Hey, I heard you're doing better  
Never knew you as a quitter  
And I'm glad you're doing okay  
I don't know if you remember  
All the times you wrote me letters  
And I think you took me out in fifth grade  
And I think I told you no, I said "I wanna take it slow"  
And I also called you gross to your face  
But I think everybody knows  
It was just a funny joke  
So do you wanna go on that date?

I've been feeling quite amazing  
Flying kites with you  
Rephrasing words from songs that I wrote myself  
It ain't good for my health  
But I spend nights thinkin' of you  
I write you songs when I miss you  
I promise I'll be there to help  
Though I might need a ride  
You keep catchin' my eyes  
Even when I'm terrified  
Can't get you off of my mind

Oh, I've been feeling faded 'cause  
I'm fiending on the Hennessy  
Tell everyone I made it  
Though I'm miles from where I want to be  
I told my story countless times  
To all these fucking companies  
I used to be a worthless piece of shit  
A boy with issues, see  
I've changed throughout this year so much  
That who I was you won't believe  
Obsessed with being normal  
Faking cordial actions, fantasies  
Of situations playing out so perfect  
Like the movie scenes  
I want to take my mask off but I'm scared  
Because I'll never be enough for me  
I think I'm losing grip on sanity

But I've been feeling quite amazing  
Flying kites with you  
Rephrasing words from songs that I wrote myself  
It ain't good for my health  
But I spend nights thinkin' of you  
I write you songs when I miss you  
I promise I'll be there to help  
Though I might need a ride  
You keep catchin' my eyes  
Even when I'm terrified  
Can't get you off of my mind
