

# Shy

BoyWithUke

Hi  
Hello  
I'm quite a shy fellow  
Yo no recuerdo palabras cuando estoy contigo  
And I still don't know how to let go  
Of feelings that I felt for you  
And my anxiety's pushing limits  
Setting benchmarks higher than the fucking moon  
Sorry I don't mean to be rude  
And I've been fighting feelings  
Cause I know that I'm too shy to make a move

Stay inside  
I'll be home by the morning  
Run down high  
Stay asleep in your bed because it's pouring  
My mind I find to be my decline, I'm fine  
Don't ask me how I spend my free time, yeah  
Don't ask me why  
Don't ask me

Sometimes I cry  
Kinda like a bit of every other line  
My insides are reclined cause sometimes I feel I rewind  
Way too far  
I play with cars, when I was younger  
Now I'm driving down the street to see my friends turn to cigar
