

On the Road Again

Boyz II Men

And I met her, at a time when
There were possibilities of being friends
It was just like, home, to a tired man
I found comfort, so sad it had to end

Thought I found, the perfect place
But I find myself back on the road again
Can't look back, cause I see your face
So I find myself back on the road again

Thought this time that things would be different
All the while they seem to only stay the same
You gave me so much to believe in
Now this loneliness is driving me insane

If only I knew what I know now
Both our lives wouldn't feel so wasted
Tryin to figure out the way how
Live my life again
If only I knew what I know now
Both our lives wouldn't feel so wasted
Tryin to figure out the way how
Live my life, on the road again
