

# All That I Need

Boyzone

**D A Bm G A**

**D** **A**  
1. I was lost and alone  
**Bm**  
Trying to grow  
**G** **A**  
Making my way down that long winding road  
**D** **A**  
Had no reason or rhyme  
**Bm**  
Like a song out of time  
**G** **A**  
And there you were standing in front of my eyes  
  
How could I be such a fool?  
To let go of love  
And break all the rules  
Girl, when you walked out that door  
Left a hole in my heart  
And now I know for sure

**D** **A**  
R: You're the air that I breathe  
**Bm**  
Girl, you're all that I need  
**G** **A**  
And I wanna thank you lady  
**D** **A**  
You're the words that I read  
**Bm**  
You're the light that I see  
**G** **A**  
And your love is all that I need

2. I was searching the vain  
Playing a game  
Had no one else but myself left to blame  
You came into my world  
No diamonds, no pearls  
Could ever replace what you gave to me girl

Just like a castle of sand  
Girl, I almost let love slip right out of my hands  
And just like a flower needs rain  
I will stand by your side  
Through the joy and the pain

R: You're the air that I breathe...
