

# Loaded Gun

Boyzone

Girl you're so dangerous  
I wouldn't change it  
I'm not complaining, no way  
Cause I got to taste it  
You get me wasted  
And that's the reason I stay

Your love's like a loaded gun  
Take what you can and run  
No matter what you've done  
You know you're the only one  
I count every hole in my heart  
You're kissing better every scar  
Take what you can and run  
Ooh your love's a loaded gun

I see you coming  
And I think of running  
But I just stand in the way  
Cause behind the darkness  
I know your heart is  
Feeling every bullet I take

Your love's like a loaded gun  
Take what you can and run  
No matter what you've done  
You know you're the only one  
I count every hole in my heart  
You're kissing better every scar  
Take what you can and run  
Ooh your love's a loaded gun

Baby I'm just too blind, yeah  
Maybe I can't decide, yeah  
Every time I get hit I say  
Maybe I should just quit now  
Save myself a whole lot of shit now  
But I'm just kinda liking the pain, oh

Your love's like a loaded gun  
Take what you can and run  
(Girl you are the only one)  
No matter what you've done  
You know you're the only one  
(Girl you are the only one)  
I count every hole in my heart  
You're kissing better every scar  
Take what you can and run  
Ooh your love's a loaded gun
