

Loaded Gun

Boyzone

Girl you're so dangerous
I wouldn't change it
I'm not complaining, no way
Cause I got to taste it
You get me wasted
And that's the reason I stay

Your love's like a loaded gun
Take what you can and run
No matter what you've done
You know you're the only one
I count every hole in my heart
You're kissing better every scar
Take what you can and run
Ooh your love's a loaded gun

I see you coming
And I think of running
But I just stand in the way
Cause behind the darkness
I know your heart is
Feeling every bullet I take

Your love's like a loaded gun
Take what you can and run
No matter what you've done
You know you're the only one
I count every hole in my heart
You're kissing better every scar
Take what you can and run
Ooh your love's a loaded gun

Baby I'm just too blind, yeah
Maybe I can't decide, yeah
Every time I get hit I say
Maybe I should just quit now
Save myself a whole lot of shit now
But I'm just kinda liking the pain, oh

Your love's like a loaded gun
Take what you can and run
(Girl you are the only one)
No matter what you've done
You know you're the only one
(Girl you are the only one)
I count every hole in my heart
You're kissing better every scar
Take what you can and run
Ooh your love's a loaded gun
