One Kiss at a Time

I woke up this morning With a brand new point of view Something has changed my world And girl that something is you I don't know how to explain it But I knew right from the start This feelin' inside, it can't be denied And I'm gonna win your heart One kiss at a time Sooner or later, love's gonna get ya No way that you can hide One kiss at a time Minute by minute, hour by hour I'm gonna make you mine One kiss at a time

In all of the heavens You're the only star that shines And I've just gotta get to you So I'm workin' overtime I've climbed every mountain Just to show you that I care The searchin' is done And girl you're the one I'm gonna take you there

[CHORUS]

Hey now, hey now Can't believe the way I feel now, feel now One kiss at a time Hey now, hey now Can't you feel it when it's real now, real now? One kiss at a time

I've climbed every mountain Just to show you that I care The searchin' is done And girl you're the one I'm gonna take you there

[CHORUS]

Hey now, hey now Can't believe the way I feel now, feel now (I can't believe the way I feel now) Hey now, hey now Can't you feel it when it's real now, real now? (so real)

[CHORUS]

One kiss at a time Sooner or later, love's gonna get ya No way that you can hide One kiss at a time Minute by minute, hour by hour Boyzone

I'm gonna make you mine One kiss at a time..
