

# Tongue Tied

Boyzone

I was chilling with my friends in a hotel last night  
Yeah we had a couple drinks talking shit just to pass time  
Then somebody said your name and now I'm hanging on my last line  
Tried to speak but you're taking up every inch of my mind

I can't I can't I can't forget ya  
But it's funny how  
My words I can't I can't remember  
Cause I'm tongue-tied talking about you  
Yeah I'm tongue-tied talking about you  
It's hard to say but I'm falling for you  
Yeah I'm tongue-tied talking about you

Usually I play it cool yeah you don't know what to do  
To me, to me, to me  
Since I've kissed you baby I swear my lips won't move  
You see, you see, you see  
You think I'm missing conversation with your body now  
Oh oh  
I'm screaming in my head but I know nothing's coming out

I can't I can't I can't forget ya  
But it's funny how  
My words I can't I can't remember  
Cause I'm tongue-tied talking about you  
Yeah I'm tongue-tied talking about you  
It's hard to say but I'm falling for you  
Yeah I'm tongue-tied talking about you

I'm falling for you, tongue tied by you  
Yeah I'm falling for you  
Yeah I'm talking about you  
Hey yeah  
I'm falling for you, tongue tied by you  
Know that I'm falling for you  
Yeah I'm talking about you

I can't I can't I can't forget ya  
But it's funny how  
My words I can't I can't remember  
Cause I'm tongue-tied talking about you  
Yeah I'm tongue-tied talking about you  
It's hard to say but I'm falling for you  
Yeah I'm tongue-tied talking about you
