Let you leave that day Let you walk on by Breaking up would pay But you had far more pride If I could give Would God accept me Tried so hard to live Oh why Did you have to go out of my life Never got the chance to say goodbye You flew away You flew away You left, you flew away This heart it aches Oh babe you flew away And I cry, I pray each night to God

(tell me why)
Did you fly away
Hey
Woah baby
(tell me why)
Why, why
Did you fly away
Hey

Sat along the bay
Watched the stars in the sky
Seems like yesterday
That you were by my side
If I could give
Would you still want me
And would you forgive
Oh why
Did you have to go out of my life
Never got the chance to say goodbye

[CHORUS 2x]

Why you wanna fly yeah (why'd ya fly)
Why you wanna fly away
Why you wanna fly yeah
(why'd ya fly)
Listen now baby baby

Why why why
Did you fly away hey
Oh baby
(tell me why)
Tell me why, tell me why
Did you fly away hey
Yeah, yeah
Why'd ya fly
Why'd ya fly
Baby baby..[fade out]
