

A Clue

Boz Scaggs

I know what you're doing
I hear what you're saying
So who do you think you're fooling

You remember me hey
I hear you call out in the night
I keep your secrets well
I hold your vision from the sight
Of anybody else

(Won't you stop your fooling)

Cause you know and I know
We're talking to ourselves
We might as well go on as though
There ain't nobody else
There is no one else
If you need a clue
The secret to me
Is you

No matter what you think
You're still just dreaming
No matter where you go
You're still right there
No matter what becomes of all your scheming
I can watch it vanish in the air

Cause you know and I know
We're talking to ourselves
We might as well go on as though
There ain't nobody else
There is no one else
If you need a clue
The secret to me
Is you

No matter what you think
You're still just dreaming
No matter where you go
You're still right there
No matter what becomes of all your scheming
I can watch it vanish in the air
