

# Simone

Boz Scaggs

Darling lets stop this pretending  
What more is there to say  
Here's to your eyes  
And my final demise  
Oh Simone its you

I knew from the start  
That my easily touched heart  
Was about to go out for a ride  
Conquer the room  
With a touch of perfume  
Oh Simone its you

Oh Simone my heart is breaking  
Yes my dear I think its going fast  
Got to let me know  
Got to let it show for it to last  
Oh Simone to hold you  
Dance you into the night  
And on into the dawn  
And on and on and on to make it right

Make it romantic  
Make it up I don't care  
Look up and sigh  
Even if its a lie  
Oh Simone what can I do

What charm could sway me  
Then burn and betray me  
But thrill me the way that you do  
Second to none  
So completely undone  
Oh Simone its you

Oh Simone my heart is breaking  
Yes my dear I think its going fast  
Got to let me know  
Got to let it show for it to last  
Oh Simone to hold you  
Dance you into the night  
And on into the dawn  
And on and on and on to make it right

Its time they told you  
Its about time you knew  
Straighten your gown  
Throw a Manhatten down  
Yes Simone its true

Why do you think you're fooling somebody  
Do you think that I can't see  
There's no doubt not a trace  
Its all over your face  
Oh Simone its me  
Ooh hoo ooh hoo

Oh Simone my heart is breaking  
Yes my dear I think its going fast  
Got to let me know  
Got to let it show for it to last  
Oh Simone to hold you  
Dance you in to the night  
And on to the dawn  
And on and on and on to make it right

(Oh oh oh)  
Yes my dear I think its going fast
