Three Gardens

Bracket

Restful Garden, take my sweat and plant it in the ground.
Restful Garden, take my life and turn it upside down

When it starts getting old
I'll stop doing what I'm told
When I start growing old

Secret Garden, take my secret, tell it to someone
Secret Garden, you're to blame for all the things I've done

[Chorus]
Rain

Selfish Garden, take what you want like you always do
Selfish Garden, take some comfort knowing I need you

[Chorus]
Rain
