American Saturday Night

Brad Paisley

Woahhhhh woahhhhhhh Shes got Brazilian leather boots on the pedal of her German car

Listen to the Beatles singing back in the USSR Yeah shes goin around the world tonight But she ain't leavin here Shes just going to meet her boyfriend down at the street fair

It's a french kiss, italian ice
Spanish moss in the moonlight
Just another American Saturday night

There's a big toga party tonight down at Delta Chi They've got Canadian bacon on their pizza pie They've got a cooler full of cold Coronas and Amstel light It's like were all livin' in a big ol' cup Just fire up the blender, mix it all up

It's a French kiss, Italian ice Margaritas in the moonlight (woahhh) Just another American Saturday night

You know everywhere has something they're known for Although usually it washes up on our shores
My great great granddaddy stepped off of that ship I bet he never ever dreamed we'd have all this

You know everywhere has somethin' they're known for Although usually it washes up on our shores Little Italy, Chinatown, sittin' there side by side Live from New York, It's Saturday Night!

It's a French kiss, Italian ice, Spanish moss in the moonlight Just another American, just another American, Its just another American Saturday night
