

# Is It Raining at Your House

**Brad Paisley**

Is it raining at your house like it's raining at mine  
Do you miss me like I miss you, is it cloudy all the time  
Do you tremble when the phone rings and you think I'm on the li  
ne

Is it raining at your house like it's raining at mine

Does it thunder and lightnin' even when the sun shines  
Is it raining at your house like it's raining at mine

Is it raining at your place just like it is over here  
If it is then sweetheart like me I know you're scared  
I just called you to console you like any old friend would do  
Is it raining at your house and by the way I still love you

Does it thunder and lightnin' even when the sun shines  
Is it raining at your house like it's raining at mine

Is it raining at your house like it's raining at mine
