

## Off Road

Brad Paisley

Well, here she is, meet the star of this song  
Hair up and high heels on  
Hittin' traffic in Malibu  
With Tennessee in the rearview  
She didn't move out here to fail  
She's gonna blaze a brand new trail  
Where anybody else might stop  
When they run out of blacktop

She's a little off road  
Gravel dust on her halo  
I think you oughta know  
If you wanna ride along, just hang on  
Now where she's goin' ain't paved  
She ain't lookin' for a highway  
And she ain't gonna stay in her lane  
'Cause she's a little off road

She ain't the 5 or the 101  
She's a little more wild and a lot more fun  
You wanna love her, well I tell you what  
Trust me, boy, you better buckle up

She's a little off road  
Gravel dust on her halo  
I think you oughta know  
If you wannaride along, you better hang on  
Where she's goin' ain't paved  
Nah, her way ain't the highway  
And she ain't gonna stay in her lane  
'Cause she's a little off road

You see that mountain over there  
You see those tracks on the beach  
Yeah, she can go anywhere  
Ain't nothin' outta reach  
She's a little off road

Where she's goin' ain't paved  
To hell with the highway  
She ain't gonna stay in her lane  
'Cause she's a little off road
