

## Buttercup

Brad

And I love to tie you up  
And you love to let me down  
We both try to cover it up  
With a sound  
You ain't my buttercup  
I ain't your little fool  
I know that ain't a part of the deal  
We're through  
It's just a matter of time

It's just a matter of time  
And I'd love to share the cost

Butterfly  
The reason why we need to fly, high away  
It's just a matter of time

It's just a matter of time  
Before we're thrown back in the wheel!  
Before we're thrown back in the wheel!  
Baby, I'll be hard pressed

Maybe we're more simple too  
Ain't a region of water!  
Before we're thrown back in the wheel!
