

## Heaven Help

Brad

heaven help the children, we're tired and afraid  
heaven help the mothers who haven't got it made  
cuz that is the connection to your heart  
cuz that is the connection to your heart  
heaven help the soldier who's fighting to save the day  
heaven help their leaders who're digging their own grave  
cuz that is the connection to your heart, don't you realize?  
cuz that is the connection, it's a start  
i knew it in your eyes
