

# Crazy

Braden Bales

Did you want me to stand by  
And let the dagger hit my heart  
Girl, do you not understand why  
Why I couldn't keep you from the start?  
You see, I followed your agenda  
Heard about your plans  
Knew that you were talking to several other men  
So I started to branch out  
I put my roots in different soils  
But oh my God, I want you (ooh)  
Baby, yeah, oh I'm so damn scared (ooh)  
'Cause you make me crazy  
You got me going insane

Oh, my heart, my heart  
I still want you (I still want)  
You were my baby  
You used to watch me play my guitar, guitar (guitar)  
And I wouldn't want it to fade away

See, I never wanted bad times  
You told me you cared (you told me you cared)  
You told me a lot of things, honestly I can't take one more apology  
Talk to me  
Wait, you're not drunk and you wanna be here?  
Like right in this moment?  
Like when you cried in my shoulder?  
Now we got older  
Stick to the script that you wrote and  
Tell me you wanna come over  
You should be here (crazy)  
'Cause baby I don't know where to go  
It's been long (crazy)  
It's been long since we both fell in love (crazy)  
And I just wanna show you the ropes of my love (crazy)  
Cause I still want you (ooh)  
Yeah, you still make me crazy (crazy)  
You got me going insane

Oh, my heart, my heart (crazy)  
I still want you (I still want)  
You were my baby  
You used to watch me play my guitar, guitar (baby, guitar)  
And I wouldn't want it to fade away  
Cause you make me crazy  
You make me crazy
