

# Escape The Silence

Brainstorm

You're alone in the night  
Where the dark reveals the light  
In these woods and out of sight  
He denies the hate inside

What you see but you can't hear  
It will never disappear  
Bloody wounds but you're alive  
Still your eyes are filled with tears

From behind the veil  
There's no regret only defeat  
It's the remnants from the ashes  
The heart of the beast

Escape the silence, out of the pain  
And when you rise, you'll live again  
Escape the silence, out of the pain  
For all the fears, this is the end  
Escape the silence

Blackened eyes staring at you  
Hold your tears and try to hide  
In the dawn you realize  
The man-eater comes alive  
All the dead are left behind  
A wicked curse he brought to life  
Now he's dead on the wheel  
The bloody wounds will never heal

From behind the veil  
There's no regret only defeat  
It's the remnants from the ashes  
The heart of the beast

Escape the silence, out of the pain  
And when you rise, you'll live again  
Escape the silence, out of the pain  
For all the fears, this is the end  
Escape the silence

All's lost in life, I praise the pain  
I'm close and by your side  
What do you fear, I'm comin through  
There's no one saving you

Escape the silence, out of the pain  
And when you rise, you'll live again  
Escape the silence, out of the pain  
For all the fears, this is the end

Escape the silence, out of the pain  
And when you rise, you'll live again  
Escape the silence, out of the pain  
For all the fears, this is the end  
Escape the silence
