

# Falling Spiral Down

## Brainstorm

All the dreams they once were mine  
Like shadows they passed me by  
I wonder how God can resist  
Try to taste the sweat on his lips

If only for better I float in fear  
He forgot to remember I can never get out of here

I'm falling spiral down  
Falling six feet to the ground  
Do anything to hear me scream  
Falling spiral down in my dreams

These wounds are bleeding his hate for me  
But he leaves his marks all over me  
No need to feel so tired and sick  
He'll paint me red all over it

I ain't worth a cold thin dime  
He's so damned sure that I'm a waste of time

I'm falling spiral down  
Falling six feet to the ground  
Do anything to hear me scream  
Falling spiral down in my dreams
