

Here Comes The Pain

Brainstorm

Time for resurrection
I'm the evil breed
I'm watching every move you make
You better kneel and pray

I'm a friend of Lucifer
I'm here to judge your sins
I'm the one you've got to fear
I'm gonna strap you in

Pain ú Here comes the pain
I'm burning in your soul
Pain ú Here comes the pain
I'm like a dog off the chain

Like a chain reaction
Exploding in your brain
I'm watching every step you take
Until your blood runs cold

I'm a friend of Lucifer
No chance to hideaway
I'm comin' to drag you away
Into the lungs of pain
