

# Words Are Coming Through

## Brainstorm

Can you ever release me  
Or do you fear the pain  
You're the better part of me  
And it doesn't matter where you've been  
'Cause I'm counting broken pieces  
And I'm taking over to the light  
I fall asleep to meet you where  
All my fears and dreams unite

Wherever you are  
I'm hiding myself behind  
But the sadness in your eyes  
Makes me hold you tight

Never meant to lie  
This is the last good bye  
There's nothing else to do  
When worlds are comin' through  
Almost read my mind  
Afraid of what I'll find  
I'm coming closer to you  
When worlds are comin' through

Why couldn't you tell me  
About the perfection of pain?  
Now you're coming over  
From breaking all the boundaries of shame  
But every time you think of me  
I'm coming through walls  
And picking up the pieces  
Right before the darkness falls

There's no more laughter  
There's nothing left undone  
I'm leaving this insanity  
And I'm leaving on my own

Never meant to lie  
This is the last good bye  
There's nothing else to do  
When worlds are comin' through  
Almost read my mind  
Afraid of what I'll find  
I'm coming closer to you  
When worlds are comin' through
