

Four years, really

Turn the lights on  
I can stay awhile, bet you wanna get me off  
Think I don't say enough  
I won't be runnin' back 'long as I'm faded and  
Fucked up 'cause you're gone and the clique gone too  
I turned to someone I could hold onto  
I didn't understand how it would have backfired  
Wonder who I am  
Man, who the fuck am I?  
I can't take a lie back, now it's stuck outside me  
I can't take this shit lightly  
If you want an ear, you know where to find me

High on IG, flirtin' with a couple homies  
I said I'm too eager, couldn't keep you  
And she told me "Keep it lowkey, only rule is staying open"  
I'm like "Where'd my line go?"  
You just stole it

Try and catch me tying up loose ends  
I'm past that, now I wanna fuck all my friends  
No patience, sick of being stuck in the end  
I'm past you, didn't wanna fuck you again  
Yeah, I just wanna fuck all my friends  
No patience, sick of being stuck in the end  
I never wanna fuck you again  
I'm past that, now I wanna fuck all my friends

And I no longer plan to hide in the snow and wait 'till you hold my hand  
Now there's a four in five chance that she'll get her fine friend  
And I'll be a nine-ten to 'em  
Fucked up 'cause you were gone and the clique gone too  
Turned into someone people come onto  
I didn't understand how I could've macked  
Y'all gonna wonder who I am

Try and catch me tying up loose ends  
I'm past that, now I wanna fuck all my friends  
No patience, sick of being stuck in the end  
I'm past you, didn't wanna fuck you again  
Yeah, I just wanna fuck all my friends  
No patience, sick of being stuck in the end  
I never wanna fuck you again  
I'm past that, now I wanna fuck all my friends

Try-  
Try-  
Try and-  
Try and catch me, try and catch me  
Try and catch me tying up loose ends  
Try and catch me tying up a loose end  
Try and catch me tying up loose ends  
Try and catch me, try and catch me
