prozac

brakence

No
What other effects?

I really know what's inside of me and it was never enough
There's not a right or wrong side of me
From now on it's all lust
I'm never lying again
Spent my life sucking up
Whether foe or a friend
Won't be fallin' in love

I've been staying up late on IG
'Bout time 'cause you talk just like me
Be patient and then fuck high-key
Leg shakin' in my 10 buck Nikes
Prozac make my hands fall asleep
Low blood sugar and some more caffeine
I don't need love, but I want that cheap
So fucked up that I laugh to pieces

I can't take it anymore
Fuckboys more fake than before
My hothead aches to my core
I'll hide that under my tongue
You won't be sinning for fun
I want to fuck up my lungs to hide the pain from my eyes
It's just so sick to my stomach

I really know what's inside of me and it was never enough
There's not a right or wrong side of me
From now on it's all lust
I'm never lying again
Spent my life sucking up
For a foe or a friend
Won't be fallin' in love

Try
Try, no

If I'm honest, I don't give a fuck but
You're cut off, so you wouldn't know nun'
But whatever, 'cause you found someone now
I want to be a dick for once
Until you know I'm not okay
'Cause everyone is so fucked up
The night is young, I know my fate
But I can't take it anymore
I'm way more fake than before
I want to fuck up my lungs
I want to bottle it up

I really know what's inside me and it was never enough
There's not a right or wrong side of me
From now on it's all lust
I'm never lying again
Spent my life sucking up
Whether foe or a friend

Won't be fallin' in love

Prozac, no
The Prozac–
The Prozac made me fuck my high school crush
In the back of this shithole van
Whether foe or a friend, whether foe or a friend

It's all to do with color– It's all to do with round, with shape. It's– ever
ything's color. Everything, you know, is– ah, it must be to do with orange.
Not only with orange. Oh, I haven't seen color, I live in a monochromatic wo
rld. I can't use color. I can do everything
