

Okay

I hold onto patience for them  
And reflect their mannerisms when I can't focus  
Tired of selfish things I've said never but never really spoken  
I can't take back what I did when I forgot  
So I lack poise and yeah I noticed  
But I drove it into the ground like it was poison  
And I said I got a problem, will you show me?  
But just because I need your help don't mean it's important  
And now...

None of us knows, Major. We don't know who we are  
You know  
We don't know where we are  
Maybe we're on a spaceship  
You know  
Going to another planet  
Maybe we're all insane  
You know  
Or maybe this is all a mirage, an illusion  
Perhaps that's who we are...

Just know I'm trying  
But I faked you out on my end  
And behind those shaded words  
I partake in limbo, not violence  
Cause I'm just trying to feel like  
More than my entry  
I can't tell by deceit I'm alright and  
It's 'bout time I show I've been lying 'cause I can't wait back for i  
t here  
The only fear I'm in love with is pointless  
I don't need luck I need somebody's help for a minute  
'Cause I've tried long enough  
Pray I lost, I am done

Change my mind 'cause I'll be broken if there's nothing left to say

Just know I'm trying  
But within a second it's timed in  
Minding every word, and it's taking over afraid to love  
But I will keep you around  
You say I'm onto something, I doubt it  
I find God in mind  
Now I'm waking up and taking on my pride
