

# Astounded

Bran Van 3000

Baby, I don't wanna argue  
Don't even want to fight  
I just want to love you  
And hold you all the night

The message from the party  
Nothing to do with how  
Try to keep it happy  
Then depress yourself to cry

Baby, I don't wanna argue  
Don't even want to fight  
I just want to love you  
And hold you all the night

The message from the party  
Nothing to do with how  
Try to keep it happy  
Then depress yourself to cry

The world is trying to make us  
Go against our will  
There's too many mountains  
Grown up from a hill

Just take nothing less  
Than the second best  
Don't obey  
What most people say  
'Cause you can pass the test

I just want to love you  
I just want to cry  
I just want to love you  
I just want to cry

I just want to love you  
I just want to cry  
I just want to love you  
I just want to cry

I just want to love you  
I just want to cry  
I just want to love you  
I just want to cry
