

This Day

Bran Van 3000

This day just keeps getting better
You rock my world with a summer sweater
I can see you move through blossom weather
This love, this love, this love is a never ender
Well, Billy Bob came a thumping with those mashed potatoes and
grits
Read out the Colbert report and it read "this is it"
Down in the valley they're renovating the Hotel California
The answer was "amigos" to the riddle that she tips
It's so perfect when they sing that song
Don't you love it when it sings along?

Amor, la vida, la musica, el baile
Corazón del espíritu, hoy es el día...
Amor, la vida, la musica, el baile
Corazón del espíritu, hoy es el día...

Oye como va
Now with all them layer's of the hustle on Max
I wonder why hit the world with a poo hoo track & through that
C We. 'Bout to give it pack, to everybody showing up and arcoir
is in black
From the land where the 4/4 Jacks
Red light lover's sexing up like cats,
With only one thing to do and oneness at that -
Perpetuate the party and connect it with the clap and go -
Pack to the lecture at hang, it's time to rather up the lotion
from the
Massage clan
Better late than never, better smart than clever, better than e
verything
Is everything just better, better love than sever, better lose
the sweater
It's hot in here and I feel it getting wetter...
Shout out all you world class rockers
Today is the day so...
Kiss yourself a shocker...

Amor, la vida, la música, el baile
Corazón del espíritu, hoy es el día...
Amor, la vida, la musica, el baile
Corazón del espíritu, hoy es el día...
Amor, la vida, la musica, el baile
Corazón del espíritu, hoy es el día...
