

Love Like That

Branan Murphy

You saw me in the dark
You took my fears away
You're showing me your heart
I'm more in love every day

I can't find anything that
Would suggest that
You're gonna leave me now
(You'll never leave me)

Cause a thousand times I fall
And a thousand times you call my name and you bring me back
Into the light
I'm right where I belong
Every day better than the last
Erasing my past
I can't escape the fact
Only you can love like that

Can't find the words to say
Like if I tried to count the stars
I give you all my faith
And even if the world ends
I'll be safe in your arms

I can't find anything that
Would suggest that
You're gonna leave me now
(You'll never leave me)

Cause a thousand times I fall
And a thousand times you call my name and you bring me back
Into the light
I'm right where I belong
Every day better than the last
Erasing my past
I can't escape the fact
Only you can love like that

Cause a thousand times I fall
And a thousand times you call my name and you bring me back
Into the light
I'm right where I belong
Every day better than the last
Erasing my past
I can't escape the fact
Only you can love like that
