

Take It Back

Branan Murphy

You think this time you passed the limit
You made your bed, now you're sleeping in it
You've given what you should have never given
And now you can't take it back
Over and done, like nobody wants you
All by yourself with the ghosts that haunt you
You'd do anything for another chance to go back and start again

A shadow won't stop the sun from rising
The walls that you build won't cage the lion
You can't take back what's already done
And I can't take back my love
Tides won't stop the world from turning
Floods won't keep this fire from burning
You can't take back what's already done
And I can't take back, I won't take back my love
Can't take it back, won't take it back, no

What if I knew all along that you would hurt me?
What if I plan to chase you down when you desert me?
What if I see it all and still say that you're worth it?

A shadow won't stop the sun from rising
The walls that you build won't cage the lion
You can't take back what's already done (What's already done)
And I can't take back my love
Tides won't stop the world from turning
Floods won't keep this fire from burning
You can't take back what's already done (What's already done)
And I can't take back, I won't take back my love
Can't take it back, won't take it back, no
Can't take it back, won't take it back
I won't hold it back
My love, my love

I've made up my mind
I always get what I want, it's true
Don't care what you've done
I'm gonna get what I want, it's you
Nothing can change the way that I feel for you
My love won't fade, so I'm gonna fight for you
I'm gonna fight for you

A shadow won't stop the sun from rising
The walls that you build won't cage the lion
(The walls that you build won't cage the lion)
You can't take back what's already done (No)
And I can't take back my love
Tides won't stop the world from turning
Floods won't keep this fire from burning
You can't take back what's already done
(You can't take back what you've done, no)
And I can't take back, I won't take back my love
(I don't want to take back my love)
Can't take it back, won't take it back, no
Can't take it back, won't take it back
I won't hold it back

My love, my love
(No-no-noo, no-no-noo, no-no-noo, I can't)
(No-no-noo, no-no-noo, no-no-noo, I won't)
