

# Seen Enough

Brand Nubian

[Intro]

What? Uhh

Seen enough (seen enough) heard enough (uh-huh)

Seen enough (that's right) heard enough (uhh)

Keep, on, movin (you gotta keep on)

Don't, stop, groovin

[Sadat X]

My heart can only beat in the land of New York

With the blue N.Y., damn sure fly

Sadat X is like the monument

Came to the party sober, left the place a headcase

I be the star of the A-bars, 12 bars and titty bars

Hold your seed to the stars and explain what's up

I'm like Red from the Five Heartbeats, I strive

My office hours boy is from 9 to 5

I made my bones in the old Rooftop

But niggaz ain't aware cause there's cars parked there

AY~! Never been gold but retained my skills

Been around the world and unfurled the flag

I seen a 20 piece rise from a trey bag

Down with the {?} pickin D's and the MVP's

And my {?} Bronx family that come out when it's {?}

My peeps they hold me down, Now Rule gets the crown

(Now I)

[Chorus]

Seen enough (uh-huh) heard enough (I heard enough)

Seen enough (yeah) heard enough (so uhh)

Keep, on, movin (you gotta keep on)

Don't, stop, groovin (don't stop it don't stop)

Seen enough (huh) heard enough (yeah)

Seen enough (uh-huh) heard enough (you gotta)

Keep, on, movin (you gotta keep on)

Don't, stop, groovin

[Lord Jamar]

Lord Jamar, the best in Westchester

Ex-lab investor, grab your Winchester

Mic molester, watch me strike under pressure

On the turnpike during, thunderous weather

Alluring to the smell when we burns a L

Reassuring what we learned translates to sales

Your fanbase is frail, caught a case now you in jail

I'm workin on the large scale you workin on the God's

bail

Like the Qu'ran or the Holy Grail

My New Testament is excellent

You've been afflicted with the pestilence

Got you addicted to the nonsense, with no contents

They say the best defense is a good offense

And in the present tense a lot of niggaz ride the fence

I'm fly with confidence (uh-huh)

In every continent we make dollars and cents

Stars of the Eastern Conference (I-I-I)

[Chorus]

Seen enough (uh-huh) heard enough (yeah)  
Seen enough (seen enough) heard enough (heard enough)  
Keep, on, movin (you gotta keep on)  
Don't, stop, groovin (don't stop don't stop don't stop)  
Seen enough (WHAT?) heard enough (uh-huh)  
Seen enough (where we at) heard enough (right)  
Keep, on, movin (you gotta keep on)  
Don't, stop, groovin

[Grand Puba]

Now do the Knowledge have these Wisdoms understand the  
God's culture  
Build Power standin frozen like they posin for Minolta  
Bet you all will shine in your lifetime  
Haji God'll make you sizzle, rhymes written in chisel  
Lounge on the plush, keep my business on the hush  
Keep it that way so nobody has to get touched  
I know the biggest of the big and the smallest of the  
small  
So ball, I'm caught up in the middle of it all  
Don't worry, Grand Pub' on the situation  
Move an imitation out like immigration  
Cause God damn, I got somethin in the skillet  
Heat up the flame, and watch me kill it  
I like to stay bent like a pair of 20 inch shoes  
Take a cruise and talk about nigga news  
So you can get mean, sip your Cristine and then lean  
Just recognize when God on the scene

[ad libs of Chorus for about 8 seconds]
