

# I Put A Spell On You

Brandi Carlile

I put a spell on you  
Because you're mine  
You better stop the things you do, I tell ya I ain't lyin'  
I ain't lyin'  
You know I can't stand it  
You runnin' around  
I can't stand it  
The way you put me down  
I put a spell on you  
Because you're mine  
Because you're mine

Click Click Boom down the rabbit hole here we go  
A whole generation livin' the Truman Show  
With no control over the feed we see  
Feeding humanity to the machinery  
Not only selling ads, they're selling you and me  
While slowly hacking our psychology  
Tracking what we want to see, who we want to be  
Praying on our fragile vanity

The symptoms of oppressive algorithms  
Seen in schisms in society  
When we're givin' into hidden rhythms  
Ridden with the heartbeat of conspiracy  
They said the hell with us, they put a spell on us  
The greatest trick played on humanity  
Is the true price of free our shared reality?

I put a spell on you  
Because you're mine  
I put a spell on you  
I put a spell on you  
Because you're mine
