Losing Heart

Brandi Carlile

I don't mind If my heart don't beat and the sun don't shine They'll get theirs You'll get yours and I'll get mine It used to be that everything was easy Now it's lost and nobody believes me

Am I losing heart Have I frozen it, oh yeah Am I pushing too hard Have I started to forget

I'm alright

Am I made of steel Am I locked up tight I'm human But I'm wide awake and afraid to fight It used to take nothing to amaze me But now I'm older and it doesn't even phase me

Am I losing heart Have I frozen it, oh yeah Am I pushing too hard Have I started to forget

It used to be that everything was easy Now it's lost and nobody believes me

Am I losing heart Have I frozen it, oh yeah Am I pushing too hard Have I started to forget
