

# Side Bitch Issues

Brandon Beal

I only hit it two times now  
She blow it up my phone  
I think Shorty loves me  
But I don't love them hoes

I told you from the beginning  
Oh baby (I) was committed  
You swear that you are lingered  
When you know you're just a mistress  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues

I guess she thinks I love her  
I don't even like her  
Even told her everything about my wify  
Told her just to text  
Never ever call me  
Here we go  
God damn it's 4 in the morning  
Acting like I aren't already told ya  
Lookin' like you are a motherfucking stalker  
I told you I would hit you up when I want ya  
I told you I hit you up when I want ya

But you got to play your part  
You knew that from the start  
You cannot get my heart  
See we can still get it on the low  
But you got to slow it down, girl, roll

I only hit it 2 times now  
She blow it up my phone  
I think Shorty loves me  
But I don't love them hoes

I told you from the beginning  
Oh baby (I) was committed  
You swear that you are lingered  
When you know you're just a mistress  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues

Yeah like she we showing up in every club that I go  
When I leave  
She be standing outside the door  
Trying to figure out  
Where I'm about to go  
I hit it to the crib  
And you already know  
I'm sleepin' with my main thing  
Why you tryin' to change things?  
I told you what it was  
Now you're about to fuck it up  
Girl you got to stop playin' games

But you got to play your part  
You knew that from the start  
You cannot get my heart  
See we can still get it on the low  
But 'm about to cut you off like no

I only hit it two times now  
She blow it up my phone  
I think Shorty loves me  
But I don't love them hoes

I told you from the beginning  
Oh baby (I) was committed  
You swear that you are lingered  
When you know you're just a mistress  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues  
Man I got them side, side, side, side bitch issues
