

Enough Already

Brandon Heath

I'm kind of a thief
Me and my stolen identities
I've been comparing myself to somebody else and it's getting the better of me
I'm kind of a liar
It's really unbelievable
How the things that I say to myself find a way to the deepest part of my soul

It's none of my business
What anybody thinks of me
God is my witness
That's all that should matter to me

'Cause I'm loved already
I'm enough already
Totally Yours, all in Your hands
Couldn't be more than I already am
I'm enough, I'm enough, I'm enough, I'm enough
I'm enough already
I'm enough, I'm enough, I'm enough, I'm enough
I'm enough already

It's kind of amazing
And a lot to take in
I'm accepted, not rejected, in spite of my sin

But it's hard as I feel
No, the world doesn't help me forget it
I regret it
But the past is only the past, not where I should be livin'
Like I'm not forgiven

'Cause I'm loved already
I'm enough already
Totally Yours, all in Your hands
Couldn't be more than I already am
I'm enough, I'm enough, I'm enough, I'm enough
I'm enough already
I'm enough, I'm enough, I'm enough, I'm enough
I'm enough already

Nobody's harder on me than myself
And I'm about as beat up as I've ever felt
So help me see
How You see me
With Your loving eyes
Saying, "Son
Just take it easy" (Woah)

'Cause I'm loved already
I'm enough already
Totally Yours, all in Your hands
Couldn't be more than I already am (Oh)
I'm enough, I'm enough, I'm enough, I'm enough
I'm enough already (Oh)
I'm enough, I'm enough, I'm enough, I'm enough

I'm enough already

(I'm enough, I'm enough, I'm enough, I'm enough already)

(I'm enough, I'm enough, I'm enough, I'm enough already)

I'm enough, I'm enough

I'm enough already
