

I Could Feel It For Ya

Brandon Jenner

(I could feel it for ya)

I could feel it for ya
I could feel it for ya
Honey, I could feel it for ya
If you don't understand what I'm talking about then
I could feel it for ya
I could feel it for ya
Oh, honey, I could feel it for ya

This conversation ain't getting any clearer
And everybody knows exactly why we are here
You could have stayed home staring out your window
But being alone happens to be just what you fear

I see through you
You see through me
There's no time to break the ice

I could feel it for ya
I could feel it for ya
Oh, honey, I could feel it for ya
If you don't understand what I'm talking about then
I could feel it for ya
I could feel it for ya
Oh, honey, I could feel it for ya

I don't need to know what your favorite song is
And I don't really care what it is you do
We're just two young humans trying to get their needs met
If this ain't landing then don't mind me, I'm just passing through

I see through you
You see through me
There's no time to break the ice

I could feel it for ya
I could feel it for ya
Oh, honey, I could feel it for ya
If you don't understand what I'm talking about then
I could feel it for ya
I could feel it for ya
Oh, honey, I could feel it for ya

'Cause I don't want to waste my time
No, I don't want to waste my time, no
So come a bit closer, come a bit closer
'Cause I don't want to waste my time
No, I don't want to waste my time, no
So come a bit closer, come a bit closer to me
