

# Vibrations

Brandon Jenner

I can see the vibrations in your hair  
I can hear the vibrations everywhere  
I can feel the vibrations carving deep into the middle of you  
I can feel your vibrations on my skin  
On the ground sinking down now for the win  
I can feel your vibrations raising up to lift your attitude

I get high on your good vibrations  
On your good vibrations so naturally  
See I get high on your good vibrations  
Honey, your vibrations, they get me high for free

I can see the vibrations in your stars  
I can hear the drum beat coming from your heart  
I can feel your vibrations bugging out like they've got nothing  
to lose  
It's the way that you look right to my soul  
It's the way that you glide right through your flow  
I can smell the sweat running down your back losing altitude

Girl, I'm about to tell you

I get high on your good vibrations  
On your good vibrations so naturally  
See I get high on your good vibrations  
Honey, your vibrations, they get me high for free

Take a break, baby, put back on your clothes and uh  
I'll watch you pick out all the sand between your toes  
Cause as long as you're in frame, it's my favorite view  
Sweetie, I know this may come as a surprise but hu...  
I put your name down right between my eyes  
And if ever I'm ever running low  
I can get it from you

So come along  
I'm about to give it up  
Girl, I'm about to tell you

I get high on your good vibrations  
On your good vibrations so naturally  
I get high on your good vibrations  
Honey, your vibrations, they get me high for free
