

Kingdom First

Brandon Lake

Once a slave
Drowned by chains created in my shame
Searching in the dark when mercy came
Restored new life inside my hopeless veins
I am forever changed

God let me seek your kingdom first
Longing to see heaven here on earth
I will not stop singing, Lord your will be done
God I will seek, I will seek your kingdom first

Unafraid
Nothing lies before me you can't see
The power of heaven lives within me
Giving strength to follow into flame
Jesus have your way

God let me seek your kingdom first
Longing to see heaven here on earth
I will not stop singing, Lord your will be done
God I will seek, I will seek your kingdom first

Holy fire feed the flame
Burn with passion for your name
For all you've done and yet to do
I give my life to you
Holy fire feed the flame
Burn with passion for your name
For all you've done and yet to do
I give my life to you

God let me seek your kingdom first
Longing to see heaven here on earth
I will not stop singing, Lord your will be done
God I seek, I will seek your kingdom first
God I seek, I will seek your kingdom first
