

TURNAROUND

Brandon Lake

Out of the wreckage
Is coming a treasure
And out of the ashes
Comes the most amazing things
And after the weeping
There is a harvest
If you can hold on
To what you first believed

I know it's hard to believe right now
I don't know how He does it
But He always does it somehow
I know it's hard to believe right now
But God is a god of the turnaround
Turnaround
Turnaround
Turnaround
Yeah

There is a whisper
Deep in the silence
And you can hear it
If you just open up your heart
There is no distance, no
He's right beside you now
He never left you
He's been there the whole time

I know it's hard to believe right now
I don't know how He does it
But He always does it somehow
I know it's hard to believe right now
But God is a god of the turnaround
Turnaround
I know it's hard to believe right now
I don't know how He does it
But He always does it somehow
I know it's hard to believe right now
But God is a god of the turnaround
Turnaround
Turnaround, yeah
Turnaround
God of the turnaround

You're never too late
You're never too far
You're never too lost
To remember who you are
And whose you are
You're never too late
You're never too far
You're never too lost
To remember who you are
And whose you are
You're never too late
You're never too far
You're never too lost

To remember who you are
And whose you are, yeah

I know it's hard to believe right now
I know it's hard to believe right now

I know it's hard to believe right now
I don't know how He does it
But He always does it somehow
I know it's hard to believe right now
But God is a god of the turnaround
Turnaround
God of the turnaround
Turnaround
You're the God of the turnaround
