Whatever you want, I got it, Papi
Don't hesitate, holla at me!
What I'm lookin' for
Is simple, you see
Love and support and sexuality
When I'm with you, I don't wanna leave
I need you just like air that I breathe
But when I'm not with you, I'm missing my peace
I got a lot inside I need to release

You fulfill my every desire
When I'm with you, you take me higher (Wooo woo whoo)

You're my afrodisiac
You're the only one I'm needin'
When I go, I'll come back
'Cause there is no way I'm leavin'
You're my afrodisiac
You're the only one I'm needin'
When I go, I'll come back
'Cause there is no way I'm leavin'

There is no way you are gettin' away
I need your love every day
Medicine can't cure the way that I feel
What I need is my inner fill
Being without you, its makin me ill
Stressin me out i need to chill
Something this strong, gotta be real
Nothing or noone, show my skills

You fulfill my every desire
When I'm with you, you take me higher (Wooo woo whoo)

I admit that I'm a prisoner of your sex appeal (sex appeal)
I can't seem to find a way to escape how i feel (how i feel)
I can't wait no longer, please come give a dose to me (dose to me)
