Bye BiPolar

Brandy

Bye bye, bye bipolar
I don't really want no more disorder
Pretty boy in love got both shoulders colder
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, Russian roulette

And I cried and cried and cried and cried and cried
Died and died and died and died alive
Lied and lied and lied
And now I'm high as a kite
Soar

Bye bye, bye bipolar
I don't really want no more disorder
Pretty boy in love got both shoulders colder
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, Russian roulette

And I cried and cried and cried and cried and cried
Died and died and died and died alive
Lied and lied and lied
And now I'm high as a kite

So bye bipolar
I don't want no more disorder
Stone cold, love got me hungover
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, Russian roulette

You led me on
Sleeping with the enemy
Sneaking in my bed
You rolled in my door
With a big ol' head

Bye bye. bye bipolar
I don't need no more disorder
Conditional love got me hungover
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, Russian roulette (Oh yeah, you did)

And I cried and cried and cried and cried and cried
Died and died and died and died alive
Lied and lied and lied
And now I'm high as a kite

Oh, you were different
Played me like a fool
All you really wanted was fifteen percent of my moves
Give up you
A flock with so many sheep
A fraud living with me and I see it
One day I woke up
And now my love is unsewn
I can see who you really are
'Cause I'm a star

Bye bye, bye bipolar
You turned me into a stone cold monster
Ill-intentioned love distorted my reflection
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, turning red

And I cried and cried and cried and cried and cried
I died and died and died and died alive
I lied and lied and lied
And now you've gotta get out
That's why I lost your ring, and you can keep your last name

Never had your last name to mine
I'm saying never
Saying never

Bye bye, bye bipolar
You turned me into a stone cold monster
Ill-intentioned love distorted my reflection
'Cause you strung me like thread, I was damn near dead
And you fucked with my head like lead, turning red
