

## Do You Know What You Have?

Brandy

They say you don't know when you're losing a good thing  
Until it's gone  
And I sometimes think to myself  
Does he know?

Now all I hear you saying is don't stop  
(Did, did you forget that)  
What's that look on your face?  
Are you surprised?  
(You act like you can't believe this)  
Gon and lay your head back (what)  
While I set it off (what)  
What you thinking bout (what)  
Is it me or her? (what)  
You say you'll never leave (what)  
I ain't insecure (what)  
What you yelling for  
Already

Do you know what you got here (do you know)

I don't think you recognize  
Love  
I'm certified ride or die  
Trust  
Why do I have to ask (what)  
Is it good enough (what)  
Don't you see in me (what)  
How much I'm in it for (what)  
Take a bullet for ya (what)  
If I had to (what)  
Take my heart from me might point it at you

Do you know what you got here (do you know)

If you forgot what's  
Waiting here  
When you change your mind but  
You're free to go  
Just do me a favor  
Leave your keys on the table  
If you forgot what  
The way this feels  
When you changed your mind boy  
You're free to go  
Yeah yeah  
(Does he know?)

Do you know what you got here (do you know)
