Brandy

Let me go
Baby don't u let me

You know how I get when u let me go
You know how I get, you know how I get
You know how I get when u let me go
You know how I get, you know how I get

The way u love me it turns me up boy
U make my heart pound a thousand times
To let me go it would burn me up boy
So good we can just run away
You know that your my last but got me feeling like my first one
Wanna do me in ways I cant take
You know that I am that point
Ready to split it half boy

Of course you know with that u just cant
Let me down

Let me go
Let me go
Let me go

Baby don't u let me

Let me go
Let me go
Let me go

Baby don't u let me

You know how I get when u let me go
You know how I get, you know how I get
You know how I get when u let me go
You know how I get, when u let me go

U turn me around anywhere we at boi
Ur so manish but I love your ways
It don't matter u just love the touch boi
We always come.....
Love your cocky talk damn your denims
Make me wanna act like I just cant remember
If mama saw this side of me
She would be on twitter (sayin)
You know I didnt raise u that way

Let me go
Let me go
Let me go

Baby don't u let me

Let me go
Let me go
Let me go

Baby don't u let me

You know how I get when u let me go
You know how I get, you know how I get
You know how I get when u let me go
You know how I get, you know how I get
When u let me go

I get chills when your wit me
Cuz the way u give it to me
It baby like that
Sometimes when u say it in my head I replay it
When u cant be there
It just feels so good to have someone who stood
Anytime of day
Just wanna let u know
Never gonna let this go
Don't ever let go
Of me

Let me go
Let me go
Let me go

Baby don't u let me

Let me go
Let me go
Let me go

Baby don't u let me

You know how I get when u let me go
You know how I get, you know how I get
You know how I get when u let me go
You know how I get, you know how I get
When u let me go
