

## Necessary

Brandy

If I could have your heart  
I sho would love ya  
I love you more  
Than I could love myself  
Mountain high or the valley low  
You have no idea just how far I'd go  
Hey yeah

I go put on my good clothes  
And I sing and dance  
I take the time  
I take the chance  
I'll make ya laugh  
I'll make you cry  
I'ma tell you like this  
If you ask me why

It's all because I love ya  
I do  
I got to be necessary to you  
Hope your eyes are wide open  
You'll see  
That your love is necessary  
To me

It's all because I love ya  
I do  
I got to be necessary to you  
Hope your eyes are wide open  
You'll see  
That your love is necessary  
To me

When I sing you know what I do?  
I close my eyes and I think of you  
When I wake up  
I'll like to see  
How much more you  
Become proud of me

I get excited  
My eyes tear  
It gives me purpose  
For being here  
I'll walk the desert  
And I'll swim the sea  
As long as when I get there  
Your in love with me

It's all because I love ya  
(It's all because I love ya)  
I do  
I got to be necessary to you  
(Necessary)  
Hope your eyes are wide open  
You'll see  
That your love is necessary

(That your love is necessary)  
To me

It's all because I love ya  
(It's all)  
I do  
I got to be necessary to you  
(Got to be necessary yeah)  
Hope your eyes are wide open  
(I, I, I hope)  
You'll see  
That your love is necessary  
(Ooh baby)  
To me

See life is so very, very short  
Ya love has givin' me meanin'  
Say that ya love me  
(Say that ya love me)  
I pray that ya love me  
(Pray that ya love me)

Cause I know if I  
Just hear you say it  
I can make it thru  
The rest of the day  
Say that ya love me  
(Say it baby)  
I pray that ya love me

(Baby it's all because I do love you)  
It's all because I love ya  
I do  
I got to be necessary to you  
(Everything I do is all because of you)  
Hope your eyes are wide open  
(Hey, ey, ey yeah, yeah)  
You'll see  
That your love is necessary  
(Your love is everything to me)  
To me

It's all because I love ya  
I do  
I got to be necessary to you  
Hope your eyes are wide open  
You'll see  
That your love is necessary  
To me  
(To me)
