

Rather Be

Brandy

I'd rather be kissing you, baby (Yeah)
I'd rather be kissing you, baby (Yeah)
I don't need your extras, just give you to me (I, I)
I'd rather be kissing you, baby (Yeah)

Just call me more, a little
Your voice, it makes me feel better
Why you even tryna ignore me?
Boy, there's other ways to get my attention
Just be here for me, baby, I

I'd rather be kissing you, baby (Yeah, I)
I'd rather be kissing you, baby (Yeah, oh)
I don't need your extras, just give you to me (I, I)
I'd rather be kissing you, baby (Yeah)

You know I love you down deep within
You're my best friend
When we are together, it feels like forever
Ain't nobody like you
Kissing me the way you do
You's a real one, ooh, ooh-ooh (Talk about it, babe)
Nobody in this world is like us two (Ooh, ooh-ooh)
That's why I'd rather

I'd rather be kissing you (Baby, yeah), baby (Yeah)
I'd rather be kissing you (Baby, yeah), baby (Yeah)
I don't need your extras, just give you to me (No)
I'd rather be kissing you (Kissing you), baby (Yeah, yeah)

I'd rather be kissing you, baby (Yeah, yeah, yeah, yeah, yeah-yeah)
I'd rather be kissing you, baby (Yeah)
I don't need your extras, just give you to me
I'd rather be kissing you
(Yeah, yeah, yeah, yeah)

Extras, just give you to me (Yeah, yeah, yeah, yeah)
