

Saving All My Love

Brandy

Your love (All my life)
Your love
Your love

Sorry for my tardy
Long time I was brokenhearted
Heartache, I'm guarded
I'm talking, goddamn
Let me live (Let me)
Let me live
Just 'cause I can sing for you
Sounds like Brandy killed it
I'm as solid as a rock without the boat
Came alive, the goat
But I ain't saving all my love

Laden
Lay my burdens down, down, down
Complicated
I hesitated, yeah
I poisoned my head
They could not get me out of here (Out here)
Over the rainbow somewhere, somewhere
Aggregated, agitated
I got an attitude problem
Let's resolve it, so

Sorry for my tardy
Long time I was brokenhearted
Heartache, I'm guarded
I'm talking, goddamn
Let me live (Let me)
Let me live
Just 'cause I can sing for you
Sounds like Brandy killed it
I'm as solid as a rock without the boat
Came alive, the goat
But I ain't saving all my love

I'm medicated
I'm free to move about the cabin
Here I stand
Here, take my hand
Hand in hand
It's different
Boy, you's a liar (A liar)
Throw rocks and hide your hands
I'm taking back my hands
Hop in the Mississippi river
So cry, cry me a river
Or walk on your own
Boy, I'm sorry (Sorry)

Sorry for my tardy
For a long time I was brokenhearted
Heartache, I'm guarded
I'm talking, goddamn

Let me live (Let me)
Let me live
Just 'cause I can sing for you
Sounds like Brandy killed it
I'm as solid as a rock, rock without the boat, yeah
Came alive, the goat
But I ain't saving all my love

You ain't Heaven-sent
Like from up above
Get on your knees, repent
And start saving all
Your love, your love, your love, your love
Your love, your love, your love
I ain't saving all my love

Sorry (Sorry), sorry for my tardy
Long time I was brokenhearted (Brokenhearted)
Heartache, I'm guarded
I'm talking, goddamn
Let me live (Let me)
Let me live (Let me live)
Just 'cause I can sing for you
Sounds like Brandy killed it
I'm as solid as a rock, rock without the boat
Came alive, the goat
But I ain't saving all my love

Your love, your love, your love, your love
My love
But I ain't saving all my love for you
