

# Slower

Brandy

My baby got a lot to learn  
Come here let mama bring you up to speed  
A couple of changes,  
A couple of things I want to go over  
Couple of hours is all I need  
So let's get it started

Remember when you're touching all over my body  
And kissing and licking up on me  
I know you wanna beat it up up  
But I'm sorry that ain't really my thing  
If you take your time then we can do whatever  
Whatchu think we in here for  
Baby we got all night so don't rush it  
If you gon get the reaction you want

Just take it slow-wer  
Slower Don't speed it up boy we can go  
Slow-wer  
Slower  
Baby wait a minute  
Your closer to the ending  
Together we gon finish up  
You speed racer  
Slow down  
Nuh uh uh uh uh ooh ooh

Remember when you're touching all over my body  
And kissing and licking up on me  
I know you wanna beat it up up  
But I'm sorry that ain't really my play  
If you take your time then we can do whatever  
Watchu think we in here for  
Baby we got all night so don't rush it  
If you gon get the reaction you want

Just take it slow-wer  
Slower Don't speed it up boy we can go  
Slow-wer  
Slower  
I got a vision of us  
And there's a kiss with every touch  
If I let you take control  
Boy you better make me feel love  
You never had nothin' like this  
I'm gonna show you a thing or two  
And if you ask we can go all night  
Speed racer, go ooh ooh ooh slow

Just take it slow-wer  
Slower Don't speed it up boy we can go  
Slow-wer  
Slower  
Remember when you're touching all over my body  
And kissing and licking up on me  
I know you wanna beat it up up  
But I'm sorry that ain't really my thing

If you take your time then we can do whatever  
Whatchu think we in here for  
Baby we got all night so don't rush it  
If you gon get the reaction you want

(Just take it)
